Reasons For Allowance

The following is an examiner's statement of reasons for allowance: the reference to Jackson (US # 4,934,469) shows a weight sensor housing with protrusions on the bottom ("lower surface"), but the protrusions are disclosed as being made from a rigid plastic or metal (Col. 1, ln. 65 to col. 2, ln.5; Col. 2, lines 55-64), not an "elastic material" as claimed; to modify the protrusions of Jackson to be resilient would seem to defeat the purpose of the disclosed protrusions since they are intended to engage a carpeted surface to provide a non-skid bottom surface. Also, the housing is probably made from a moisture resistant material (being a bathroom scale), but is obviously not intended to be "fluid-tight".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Randy W. Gibson whose telephone number is (571) 272-2103. The examiner can normally be reached on Mon-Fri., 9-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kamand Cuneo can be reached on (571) 272-1957. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
